

Holly Class Highlights

28th June 2020

Today Freya is going to her friend's house. Freya saw all her friends walking past her house carrying beautiful dresses. Freya got left out, so she stayed at her brother's house. This reply was: 'Why are you looking at them? Their mum was gardening but she was never watching them. Their mum's mum went over to them. Why don't you go to town? She said smiling for the first time. When we got in, she gave me the most beautiful dress she'd ever seen. When she got to the school, she was wearing a sparkly red dress over her white dress. Her friend Holly came over to her. 'Where did you get your dress?' Holly asked. 'I really liked it.' 'My sister made it,' Holly said. 'It turned out better than she thought.'
