

Number Formation 0 to 10

Make a loop,
just like so,
Now you've
made a zero.

Straight line
down and then
you're done!
One is fun.

Half a heart will
never do,
Slide to the
right, make a
two

Around the tree,
around the tree,
That's the way
to make a three.

Down and
across, down
some more,
That's the way
to make a four.

Make a hat, make
his back. Make
five's tummy
round and fat.

Make a 'c' then
in you go,
Now you've
made a six you
know.

Across the sky,
down from
heaven, now
you made a
seven.

Make an 's', then
shut the gate,
That's the way to
make an eight.

Make an oval
and a line.
Now I've
made the
number nine.

A downward stroke,
that's my one. Add
a zero, that's my
number ten done!

This is our reference for number formation, with little rhyme to learn while we write each number.
