Special Message

This week our Year 6 children completed their SATs assessments. Our children displayed great resilience as they completed their papers.

We are proud of your enthusiasm and resilience. Whatever the results may be, please remember you have done your best and we know you will continue to do your best in the next phase of your education at secondary.

We would also like to thank our Year 6 team of colleagues for all their hard work and commitment to excellence every day.

Mrs. Y. Jones, Executive Headteacher

Some Me Time

Our Year 6 children have had a week of assessment, to end the week, the children had some well deserved 'me time' to unwind and enjoy some ice-lollies.

KIND HANDS, KIND FEET, KIND WORDS, KIND ACTIONS

We are inclusive, confident, and enterprising learners who are brave, curious, optimistic, and kind. We are ready to embrace the future!

KIND HANDS, KIND FEET, KIND WORDS, KIND ACTIONS

We are inclusive, confident, and enterprising learners who are brave, curious, optimistic, and kind. We are ready to embrace the future!

Triple Jump

Our Year 4 children have been practicing techniques for the triple jump. The children learnt how important it is to bend their knees and swing their arms to increase the distance they jumped. As a challenge, the children also tried to complete the triple jump on only one leg! The children agreed this was much trickier as they could often lose their balance!

Bean Planting

In Year 1, our children have been learning about plants. As part of their learning, the children carefully observed different seeds before they planted beans. We can't wait to see their bean plants grow.

Equal Groups

KIND HANDS, KIND FEET, KIND WORDS, KIND ACTIONS

As part of the children's learning in Year 1, the children have been making equal groups in maths to support their understanding of counting in 2s, 5s, and 10s. The children made equal groups using cubes to make repeated addition number sentences to consolidate their learning.

Maths in Real Life

Year 5 have been solving addition, subtraction, multiplication, and division word problems involving the use of money and measurement, to bring an element of real-life Maths into their learning. The children have also been challenged to work systematically and use their recording skills in investigations, such as finding all the possible combinations of different ice-cream flavours.

Year 2 SATS

We are inclusive, confident, and enterprising learners who are brave, curious, optimistic, and kind. We are ready to embrace the future!

We would like to remind parents, guardians and carers, children in Year 2 will be sitting their SATs during the week commencing Monday 16th May. It is also extremely important that they attend school every day.

Please also remember that a good breakfast is always an essential meal for children before school, but in particular when they are sitting tests. Research has shown that children who eat a healthy breakfast have improved alertness, concentration, mental performance, mood and memory. We wish all our children every success in their tests!

Parents' Meetings – Thank You

Thank you to all parents, guardians and carers who were able to join us as we discussed the journey Hyde Park Schools are on, our vision for all children and how we are working as one school. It was a pleasure to hear your opinions and views which are valuable in our partnership with you as stakeholders.

The main points from the meetings were:

- We are determined to provide your child or children with a good start to the academic journey.
- Our curriculum continues to be revised to ensure it is broad, balanced and develops curiosity amongst children.
- We are heavily invested in our early years, to ensure that children have a strong foundation to the start of their education.
- Phonics, Reading and Mathematics are key priorities for us.
- Our curriculum is planned from Early Years to YR 6 for progression and continuity.
- We will continue to improve communication with parents.

Thank you for your continued support.
Mrs. Y. Jones

Rise in Chickenpox and Scarlet Fever

We would like to draw your attention to the recent increase in routine childhood infectious diseases which are currently rising across the country and specifically in the South West.

Chickenpox and scarlet fever are two routine childhood infections which are currently seeing some resurgence; both are considered to be common, mild and of low public health risk.

However, co-infection of both chickenpox and scarlet fever carries an increased risk of complications due to invasive infection and requires more proactive engagement to prevent or mitigate the risk of severe disease.

We are asking all families to please ensure that you contact the office promptly if:

- There is a chickenpox outbreak at the same time as case(s) of scarlet fever.
- There is evidence of severe disease - for example, a child is admitted to hospital.

We would like to thank you in advance for your continued support in keeping our children and staff safe.

New Governors Opportunities

Message from Mrs. Rachel Mathis, Chair of Governors

Are you (or someone you know) looking for a new opportunity to contribute to the development and education of our children through the future success of the Hyde Park Schools? The Federated Governing Body (FGB) is looking for new Co-opted Governors (formally known as Community Governors). Governors can be parents, guardians, carers, or grand-parents or those in the local community with an interest in the school. This is a voluntary role and requires commitment to undertake training, attend meetings and carry out monitoring visits in school. The FGB works closely with the Senior Leadership Team and with the Trust. If you are interested, please contact the school office by email with contact details.

Additional Holiday

Earlier in the year, The Horizon Trust recognised that the additional bank holiday the government have allocated for the Queen's Jubilee celebrations was subsumed into the half term holiday. In response an allocation for an additional day to the half term was made, meaning that **the school term ends on Thursday 26th May.**

Please note that school will therefore be closed on Friday 27th May school and reopen after the half term holiday on Monday 6th June.

KIND HANDS, KIND FEET, KIND WORDS, KIND ACTIONS

We are inclusive, confident, and enterprising learners who are brave, curious, optimistic, and kind. We are ready to embrace the future!
