Brickfields

At Hyde Park Schools, our enhanced P.E. programme ensures that our children are taught the importance of an active lifestyle. Cross curricular links are made with Science where children are taught the importance of a balanced diet and the purpose of exercise. We do not only teach about physical exercise but also how to look after their mental health and wellbeing.

Science Investigation

In recent lessons, Year 6 enjoyed their science investigation. The children used Skittles and explored the processes that take place in our intestines as nutrients pass into our blood. Predicting, observing, and explaining skills were evident as the young scientists worked collaboratively.

KIND HANDS, KIND FEET, KIND WORDS, KIND ACTIONS

We are inclusive, confident, and enterprising learners who are brave, curious, optimistic, and kind. We are ready to embrace the future!

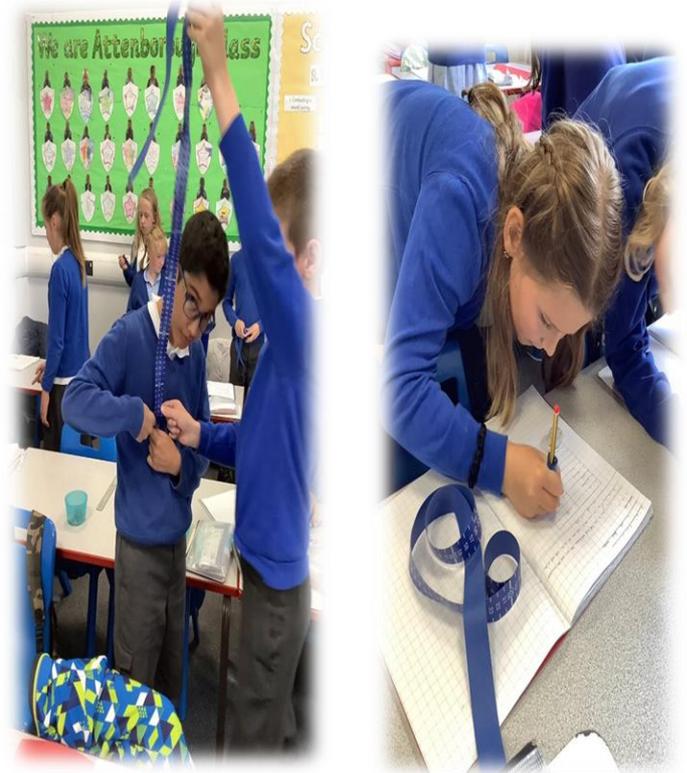

Marathon

We are proud of our children who participated in the Schools' Challenge Marathon as part of the Plymouth Half Marathon. The children showed great resilience completing their first half marathon in very good time. Well done to all our participants.

Ordering Decimals

Year 4 were quite engaged in investigation height to the nearest decimal point. The children then ordered their results based on the given criteria.

KIND HANDS, KIND FEET, KIND WORDS, KIND ACTIONS

We are inclusive, confident, and enterprising learners who are brave, curious, optimistic, and kind. We are ready to embrace the future!

Instructional Writing

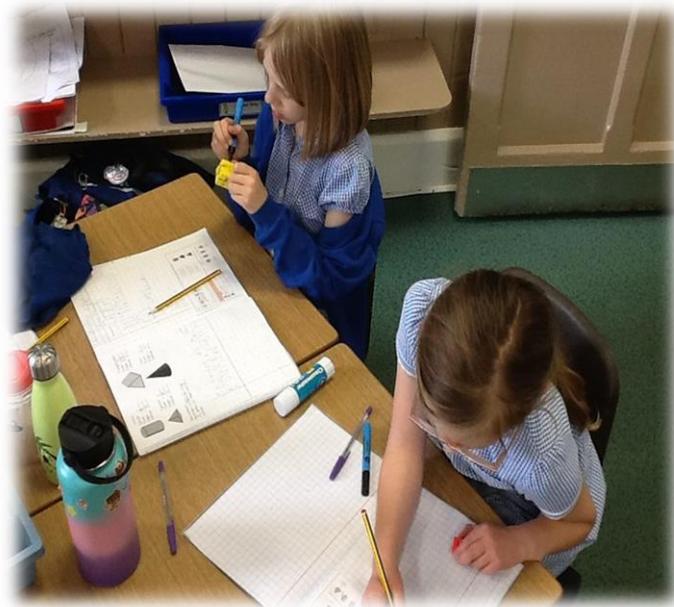

Our Year 2 children have been learning about Florence Nightingale and Mary Seacole in History. As part of their learning, the children have been learning about writing instructions. To aid their understanding, the children followed instructions for bandaging a hand.

This cross curricular link with English, is one of the many ways we teach meaningful links and bring context to the children's learning.

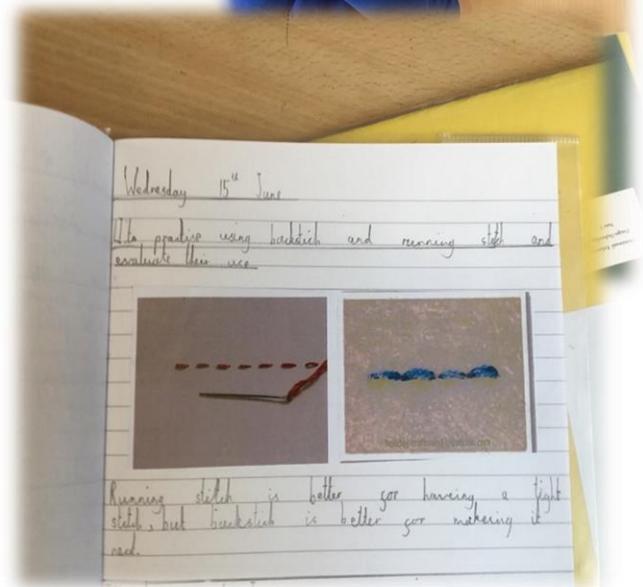

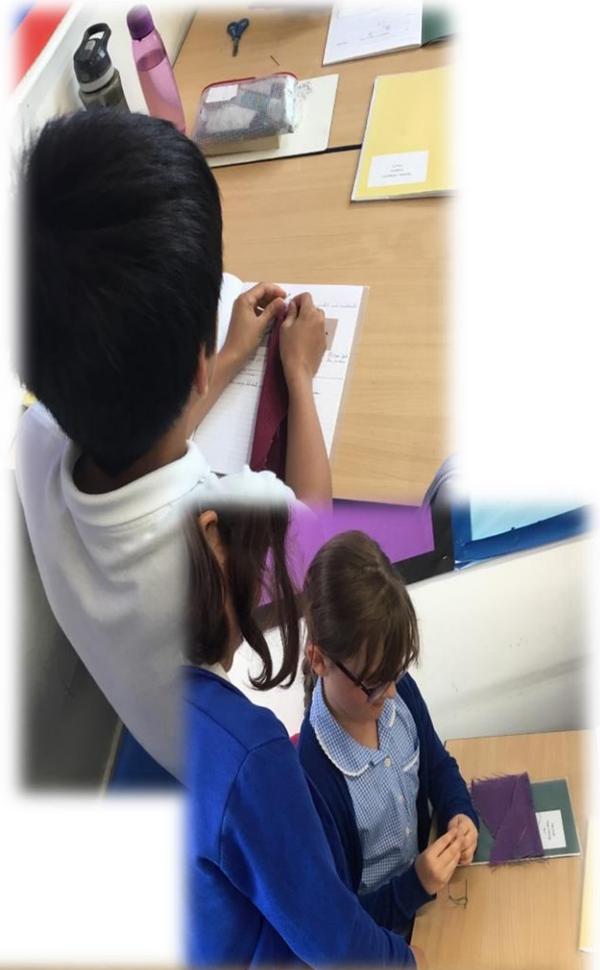

Properties of 3D shapes

Year 2 have been investigating the properties of 3D shapes, counting their faces, edges, and vertices. The children have enjoyed this strand in Mathematics and are able to differentiate between 2D and 3D shapes.

Sewing Skills

Year 5 have been practising their sewing skills by exploring a range of different stitches, including running stitch, back stitch, and blanket stitch.

KIND HANDS, KIND FEET, KIND WORDS, KIND ACTIONS

We are inclusive, confident, and enterprising learners who are brave, curious, optimistic, and kind. We are ready to embrace the future!

Transition Day

On Tuesday, July 5th, we will have our transition day where children will have the opportunity to meet their teacher and classmates for the new academic year. The day will consist of activities that will allow both teachers and children to get to know each other and peers better through problem solving and ice breakers.

Where needed, there will be an enhanced transition for some children.

Sports Day

We will be having our Sports Days from Monday, July 11th to Wednesday, July 13th. On the 13th, we are being graciously hosted by Plymouth College for the day. Parents, Guardians and Carers are invited to join us from 9:30a.m. to 3:00p.m. and will have the opportunity to have a picnic lunch with your child or children.

We ask that persons attending on the 13th will respect parking instructions and neighbours' driveways.

If you would like to take part in the parents' race, please inform your child's or children's class teacher.

Year 6 Activities Week

The Year 6 children have shown great resilience this academic year. They have worked hard and have reached the end of one phase of their education. To celebrate their hard work and resilience, the children will be engaged in the activities below during the week of July 4th.

Day	Activity
Monday 4 th July	Woodlands Trip
Tuesday 5 th July	TA for the Day
Wednesday 6 th July	Pizza Day -Pupils will design and make their own pizzas and, in the afternoon, eat them whilst watching a film, doing karaoke or quiet activities
Friday 8 th July	Team building and escape rooms activities

Weather Warning

In view of the lovely weather we are experiencing please apply long lasting sun cream to your children before coming into school. Children can bring their sun cream into school to reapply if you feel this is needed. Please ensure the bottle is clearly named and placed in a clear plastic bag to prevent damage. We also advise that children wear hats and have a full bottle of water which will be refilled throughout the day. It is important that the children are hydrated especially during this time of the year.

Nut free School

Please be reminded that we are a 'nut free' school and we kindly ask that any food items that contain nuts are not brought into school. Thank you for your understanding as we have children with severe allergies.

Comic Strip Competition

To celebrate 10 years since the London 2012 Olympic and Paralympic Games, this term Get Set to Eat Fresh is challenging schools to enter our Design a Comic Strip Competition. We want pupils to showcase what the future of the Games will look like and to use their creativity and imagination to illustrate their vision!

Enter by **Friday 24 June 2022** for the chance to win great prizes, including **£1,000 for your school** and **£100 Aldi Vouchers** with a **Team GB and ParalympicsGB goody bag for the winning pupil!** The overall winner's comic will also be printed in an Aldi leaflet – with around **2 million copies** shared in Aldi stores across the country!
