Swimming Gala

On Monday, March 6th our swim team participated in the Devonport Swim Gala. The children participated with great respect for fellow competitors, were resilient and showed the schools' ethos throughout the competition.

Four teams were entered into the competition with 16 schools competing. Hyde Park finished 2nd for boys and 3rd for girls.

It was a superb performance from all our swimmers! Well done, we are proud of you and congratulations again!

Thank you to all our teachers who organised and volunteered to make this possible.

Written by our Year 6 Swimmers: Euan, Will, Bamber, Isaac, Charlotte, Zoe, and Melina.

"It was really fun to be able to swim for the school. All of the children in the gala swam fantastically and it was great to see swimmers cheering each other on. They pushed themselves and made our school proud. We think it was an excellent idea to put Hyde Park into the Gala. We are lucky to have the chance to participate in this fabulous event. It was great fun, and we would LOVE to do this again!"

World Book Day

On Friday 3rd March, the children celebrated authors, illustrators, books and reading as part of World Book Day. The children came dressed as their favourite book characters and took part in their own creative writing opportunities in their class based on picture books. We continued celebrations this week with storytellers visiting the school to share a brand-new book with the children!

Observational Drawings

Our Reception children have been exploring flowers recently. The children have been creating observational drawings and pictures of the different flowers ensuring they use the right colour as what they see. Some very impressive skills observed, we are so proud of them!

Science Investigation

In Science, the Year 5 children investigated different materials to see whether they would dissolve in water. They created a fair test by ensuring they only changed one variable and recorded their results in a table using the key vocabulary - soluble or insoluble. The children really showed their understanding and had fun whilst conducting their investigation.

IXL

Since the implementation of IXL, the children have been engaging really well and are making very good progress. In addition to the algorithm setting bespoke work for the children, teachers are also assigning tasks which means that the work is meaningful to each individual child.

"It's pretty good because we can choose what we want to learn about, I love the maths!" Jack R, Keller, Year 3

"It's really, really fun because I can challenge myself by choosing which subject I want to learn about." Ellie D, Sycamore, Year 2

"I like that there is a wide range of questions to answer and I like that I can choose the topic. if you want to get better at maths you can choose diagnostic. It's more fun doing it online! Harry P, Attenborough, Year 4

"It's fun because I can choose what to do on it and what year group to look at so I can challenge myself, you can log on at any time and do your homework! Alex T, Gandhi, Year 5

"I like that its online and not on paper, I like that it has a pen option so that I can work things out without using paper. It is really easy to use and is accessible to everyone. Charlotte C, Douglas, Year 6
