Schools' Challenge

On Sunday, May 14th, children across Hyde Park Schools participated in the Schools' Challenge marathon with over 100 children participating. They practised for weeks during their lunch time to build up their stamina and resilience for the big day. The children demonstrated the schools' ethos of being inclusive and represented the school with great pride.

Thank you to all our parent volunteers and our staff volunteers who made the day a memorable one for the children. Special thanks to Mrs. Greatrex for all the organising and preparation for the day!

RNLI Visit

Recently, the RNLI came to deliver assemblies to our KS2 children on beach safety. They reminded the children of the meaning of the flags that are used on the beaches; how to choose a safe beach; to stay hydrated and to protect themselves from the sun with suncream and sunglasses and to go to the beach in a group to ensure that they are safe. They also showed the children what to do if they did get in trouble in the water.

Ocean Conservation Trust Visit

Recently, educators from the Ocean Conservation Trust (National Marine Aquarium) visited Hyde Park Junior school. Our eco-ambassadors participated in the engaging and educational workshop about ocean acidification and got the opportunity to explore corals, use VR technology, learnt about zooxanthellae and conducted an experiment to see how carbon dioxide changes the acidity of the water. Later in the afternoon, during the whole school assembly, the children discussed what each of us can do to live sustainably.

Additional Non-Pupil Day

Please note that the board of Trustees has approved an additional Non-Pupil Day for Hyde Park Infants for the **26th May, 2023** to facilitate the moving of classes. Please note that a letter has been sent outlining additional information.
