

# Digital Artists

## At Hyde Park Infant School Plymouth

At first we analyse and discuss the options...

...and then we bring our ideas to life.

"Laura is such a fantastic teacher, very approachable, creative and Rosie loves her classes. I have been sent some lovely Keep Sake pieces Rosie has created whilst in Laura's class which I will treasure. Thank you so much and keep up the good work!" (V.R. Rosie's Mum)

"Roy loved digital artist class with Laura. It combined technology and being creative so a real buzz for him. Laura was always very patient with him and always helped him when he became frustrated and stuck on a task. I loved being emailed his work. It was very clever. Also Laura gives the best stickers every week after class." (P.G. Roy's Mum)

Digital Artists is a series of fun, engaging digital art workshops, for Year 1 and year 2 children, delivered through a narrative gameplay technique.

Through our carefully designed specialist workshops, the "little artists" will learn about colour theory, shapes and composition.

The "little artists" will develop digital art skills, through the use of mobile tablets, helping them develop their digital persona.

Max - Year 2

Arlo - Year 1

Every Monday and Tuesday after school. Payable online, upfront for the term. Typically £65 for 13 sessions
