This will help the school and yourself understand your child's particular needs better. • The specialist professional will observe your child and may work with them to understand their needs and make recommendations, which may include: <ul style="list-style-type: none"> ○ Making changes to the way your child is supported in class e.g some 	<p>Support, which means they have been identified by the class teacher as needing some extra support in school.</p> <p>Children with specific barriers to learning that cannot be overcome through whole class Quality First teaching and intervention groups.</p>
